

# 10 YEAR LIMITED WARRANTY

*Effective for all purchases after January 1st, 2016*

We, Valley Precast, Inc., warranty the tanks that we manufacture to be free of defects in material and workmanship for 10 years from the date of purchase. Our products will be guaranteed if installed and used in accordance with Valley Precast, Inc. installation requirements. This warranty shall extend to the cost of replacement or repair only as determined by Valley Precast, Inc. The warranty does not include labor or other charges associated with the installation of a replacement or repaired product. This warranty shall not extend to any consequential damages, lost profit, or other related expenses. Replacement of a product will be made under the same conditions as the original purchase. For warranty work to be considered, the original proof of purchase is required.

The following criteria must be followed or warranty will be null and void:

- Installation must follow techniques shown on tank spec sheet*
- Bury depth and water table requirements on the tank spec sheet must be met*
- Bedding material and backfill must be suitable and deliver no pressure points*
- Bedding material must have 90-95% compaction*
- Tank must be backfilled within 2 months of delivery*

Items, included but not limited to, that are NOT covered by Valley Precast, Inc. Warranty:

- Concrete risers and riser seals*
- Broken pipes*
- Tank degradation caused by improper ventilation*
- Cracks from differential settling or pressure points*
- Damage caused by traffic if the tank is not rated for such*
- Cosmetic damage that does not affect function of the product*
- Damage caused if party, other than Valley Precast, Inc., places the product in excavation*

Except as shown above, Valley Precast, Inc. makes no express or implied warranties of any kind, including implied warranties of suitability or fitness for any particular purpose.
