

Orenco® 300 Series Dosing Siphon

(Only Available in Concrete Tanks)

Orenco's® 300 Series Dosing Siphons are available in a variety of drawdowns. Valley Precast, Inc. carries the following in stock: Models 310, 312, 314, 316, 318, and 324.

These dosing siphons are used for converting small, continuous flows into large intermittent dosing flows in onsite septic systems. Applications are limited to pressurized distribution systems that are at elevations lower than the siphon.
